It is recommended that you block out the boxes that you **don't** have time to put into running your Kleeneze business first. E.g. your other work commitments, picking up children from school etc, before completing the time planner for the time you **do** have to commit to your business. To be really successful within Kleeneze normally it takes some sacrifices such as less TV, missing out on the odd regular social event, so don't include these.
